## **A Note from GDC Technology Limited Founder, Chairman, and Chief Executive Officer Dr. Man-Nang Chong**

Dear Friends, Partners, and Customers,

In response to the pandemic of respiratory disease, COVID-19, we continue to focus on the health and well-being of GDC employees, their families, our partners and communities.

Although we are following interim government guidance by limiting travel, in-person meeting and stay-at-home orders, GDC remains open for business and our regional sales representatives and technical teams are working remotely to support you. In addition, we are seeking alternative ways to update you with our latest innovations.

During this unprecedented time, we will make every effort to provide the same great service you have come to expect from GDC. At present, inventory levels and spare parts are sufficient. However, we would be grateful if you could please check with us before sending shipments of orders and RMAs just in case all staff at particular offices are working from home. We are very appreciative of your understanding and flexibility.

Over the course of our 20-year history, GDC has supported our customers through the changes in the cinema industry. I'm proud of our team's focus on meeting your needs and how we've seamlessly adapted to the current shifting landscape. You can count on us to stay connected with you, our friends and partners.

Be safe. Let's look forward to enjoying a good movie in the cinema with friends and families soon again.

With kind regards,

Dr. Man-Nang Chong  
GDC Technology Limited
